## A FRIGHTENING EXPERIENCE

## A PORCELAIN DOLL

When I was eleven, my friend Maribel invited me to her birthday in her house. It was a fun party! Berta, Maribel, Inma and me were singing with the sing ~~start~~ and we were eating sandwiches too. After <sup>that</sup>, I entered in Maribel's room and I saw a thrilling thing in her chair. There was a frightening porcelain doll.

I am scared about ~~them~~. I said it to my friend. Later, when I went to the toilet, I found a note which said: "I will kill you!" I couldn't believe it and I showed it to Maribel. Both came back to her room and we saw that the doll wasn't on the chair. We were really scared. Then, all <sup>of us</sup> went to the garage and Berta said to Maribel that a note <sup>had fallen</sup> fell down. This note said: "I am inside <sup>the</sup> cupboard!" We came back and when we opened ~~the~~ cupboard, the doll was inside! Maribel and me were terrified and we were crying a lot.

We told ~~it~~ to Maribel's mother and she didn't stop <sup>laughing</sup> to laugh.

Berta and Inma told us ~~that~~ they had done that. Now, every time I remember it, I laugh ~~but~~ but I never want to see the doll.
