"MONEY IS ESSENTIAL IN OUR LIVES"

We live in a world in which there is a lot of consumerism. Money moves all the things and, nowadays, it is one of the main topics of discussion. From my point of view, it is essential to live. For me, it is essential for two reasons.

The main reason is that it makes easier our lives. With money, we can have the life that we want. We live in a consumer society in which it is difficult to live being in debt with other people or being overdrawn in our bank account.

People say: "Money doesn't give the happiness". But, my second reason is about this famous sentence. It is true that having money doesn't mean having happiness, but it helps you to be happy.

To sum up and taking everything into account, it is clear that money is essential in our lives because being well off makes easier our lives and it improves them when it makes grow happiness.
